

**REMARKS**

This is in response to the Office Action mailed June 28, 2006 requiring election/restriction. In the Office Action, restriction to one of the following inventions has been required under 35 USC 121:

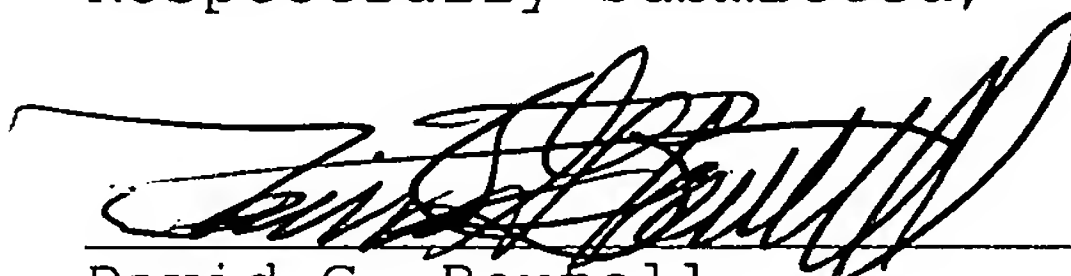

- I. Claims 1-7, drawn to a supporting device, classified in Class 482, Subclass 142.
- II. Claim 10, drawn to an add-on unit, classified in Class 108, Subclass 69.

Applicant notes that Claims 8-9 are not addressed in the Restriction Requirement. Applicant hereby elects Invention I, Claims 1-7, without traverse.

In the Office Action, the Examiner has also indicated that the application contains claims directed to two groups of species from which Applicant must elect a single species (and subspecies, if appropriate). Applicant hereby elects Species Group II, Species I, Figures 1-6. Applicant further elects Subspecies I, Figure 1, a width-wise elongated U-shaped recess. The claims associated with this embodiment are Claims 1, 3 and 5. Claims 1, 3 and 5 are generic.

Further and favorable consideration of the claims is courteously solicited.

Respectfully submitted,

  
David G. Boutell
